

Commerce and RevRec Full Integration Guide

Commerce API Authorization

Please log into Pacvue Commerce on the admin account and click 'Authorize'.

Pacvue Commerce website: <https://commerce.pacvue.com/>

Enter username and password to log into Commerce.

Click "Authorize"

Click on 'Authorize', and it will lead to the Account Binding page. Then, based on your account type, choose **Vendor or Seller**, select the market that needs to be authorized.

Click on the '**Connect Selling Partner**' button, and it will lead to the Amazon's LogIn page. Enter the login to authorize. It is recommended to use Google browser for authorization. **Please perform this authorization for all Vendors and Sellers.**

Seller Central Integration

Client must add the E-mail that we created as a sub-user in Seller Central. Then we will receive an invitation email.

After accepting the invite, the client needs to give us Role and permission (view and edit) seen in screenshots below.
